PROFILE

I am an aspiring Computer Science student with a strong educational foundation and a versatile skill set. I possess a deep interest in coding, web development, mobile app development, and graphic design. My journey in the world of technology is driven by a genuine eagerness to learn and grow. My experiences in coding competitions and internships have allowed me to develop a passion for tackling challenges head-on and achieving meaningful results.

EDUCATION

High School, Divine Public School   2018
CBSE Board   66.2%

Diploma, Vikas Institute Of Engineering And Technology   2018 – 2021
Computer Science And Engineering   82.9%

Bachelor Of Technology, Buddha Institute Of Technology   2021 – present
Computer Science   78% (Appearing...)

SKILLS

C
C Programming Language

Java
Java Programming

Python
Python Programming

Android Studio
Android App Development using Java

Adobe Photoshop
Graphics Designing using Photoshop

Adobe Illustrator
Vector Designing using Adobe Illustrator

Graphics Designing
Social Media Graphics Designing using Photoshop, Illustrator, Davinci Resolve

HTML
Web Development

CSS
Web Development

Figma
UI Designing

Power BI
Data Visualization

JavaScript
Web Development

PROJECTS

Web Based Encryptor and Decryptor,   2022
A User-friendly Encryptor Decryptor tool on your device. ⧉
Developed a static Web-based application which is used to encrypt or decrypt and try out some of the popular cryptographic algorithms on your own device. The User Interface is dynamic and responsive according to different screen size using **HTML, CSS, JavaScript and Bootstrap**.

Voterium, Blockchain Based E-Voting System ⧉   2023
Developed a Blockchain Based Voting System to create, maintain, and
conduct Electronic Voting. The Technologies used for User Interface are
HTML, CSS, JavaScript and Node.js, SQL for Backend. We also used
MetaMask (Browser Extension), Ganache, Solidity and **Truffle** for
Blockchain.

Eduzo, Education Zone - Android Application ⧉   August 2023
A Course-Ending Project made after the Summer Training of 'Android' by
ShapeMySkill. An Interactive Quiz App designed to enhance learning
through quizzes and educational challenges. With its user-friendly
interface and informative content, Eduzo aims to make learning
enjoyable and accessible, promoting knowledge retention and growth.

ZappChat, Android Chatting Application ⧉   September 2023 –
An Android Chatting Application with real-time updates made using   present
Android Studio, Java, Firebase

ACHIEVEMENTS

Winner   2023
Computer Science 3rd Year Division for the project "Voterium" in Tech
Yuva, BIT 2023

Winner   2023
"Game of Codes", AKTU Zonal Tech Fest, 2023

Winner   2023
"Read My Mind" Coding Event, Tech Wizard, BIT 2023

Winner   2023
Python Bytes Coding Event, Buddha Sharad Mahotsav, BIT 2023

Recognition   2023
for participating in AKTU State Level TLM Tech Fest, Lucknow 2023

Runner Up   2022
Computer Science 2nd Year Division for the project "Web Based
Encryptor and Decryptor" in Tech Yuva, BIT 2022.

Runner Up   2022
Coding Competition organized in Tech Wizard, BIT 2022

CERTIFICATES

Android Training / Internship ⧉
Summer Training from ShapeMySkill
